Work Experience

Jeff Kniffin is a financial consultant with 30 years professional and management experience, including turnaround and corporate recovery situations. Kniffin has proven expertise in startup and distressed companies and in restructuring, with strong skills in capital raising, cash management, forecasting, budgeting, business processes, profitability improvement and expense control, strategic planning, and SEC, financial and management reporting.

As a manager at Arthur Andersen, Kniffin specialized in financial institutions. Since leaving Arthur Andersen, Kniffin was the CFO of a \$1 billion savings and loan for seven years, has been the interim CFO of a \$1 billion public company in the retail industry, and has acted as interim CFO for several other companies, and consulted with others. Kniffin has managed the full spectrum of the financial and administrative functions including investor relations, banking relations, accounting, finance, treasury, risk management, and cash management.
