Work Experience

Chris Woodward is a several-time CFO, acting as a financial and operations executive for a variety of companies. He has worked broadly in the media & entertainment industry including film, cable, television, production, distribution, music and digital media. His CFO experience also covered the areas of internet, ecommerce and software-as-a-service. He consulted to a \$50 billion cable and communication company, where he led a \$300 million merger integration project involving two cable networks.

Earlier in his career, Woodward was an Audit Manager with Ernst & Young where he worked in the information, communication & entertainment practice. While at E&Y he provided audit, review and advisory services to clients, including public and private corporations.
