Education

BA, University of Colorado, Boulder

Work Experience

Tony Davis is an accomplished, several time CEO/President/COO, successfully working with technology and consumer product companies in high growth environments.

He has 18 years expertise helping businesses with strategic planning, corporate development, M&A, institutional/private equity fund raising, and core business operations. His strengths are effectively working with companies to leverage and integrate wireless mobile communications & technologies, Internet/Web 2.0/social networking/e-commerce platforms, cable/satellite media opportunities, and retail sales/consumer packaged goods.

Most recently, Tony was CEO at Flexion Wireless, a cellular voice, data and machine-to-machine (M2M) communications company managing the wireless services for medium and large corporations. Prior to Flexion, Tony was recruited to be CEO of Teleflip, a GRP Partners (private equity/venture capital firm) backed mobile communications. Before joining Teleflip, he was the COO of Harmony Financial, an online personal financial services company. Prior to Harmony, Tony was the CEO & Chairman of eSalon.com (venture capital financed), the leading online supplier and direct marketer of beauty and personal care products.

Tony's skills include writing & implementing business plans, developing & managing joint venture opportunities, negotiating licensing, distribution & OEM agreements, and creating new brands and product lines.
